

## The Next Step In Thread Repair Evolution

# Pro XL Series

The best thread repair kit on the market has got even better:

- New combo tap and installation tool\*
- New magnetic tang break tool\*
- New box design with transparent lid, including pivoting tool holder\*
- Up to 100% more inserts\*
- Drill included\*

Everything you need for complete thread repair in one handy box.

### New Magnetic Tang Break Tool

For easy tang removal in blind holes. Magnetised to ensure no broken tangs are left in the application after installation.

### Combo Tap and Installation Tool

The installation tool has been redesigned to accommodate a tap holder in the handle, so the same tool can be used for two functions in the thread repair process.

### New Box Design, Including Pivoting Tool Holder

Re-designed box, giving it a more modern look and feel. Includes a pivoting tool holder, allowing the user easy access to the kit components.

\* Kit contents differ depending on thread form and diameter, see back page for detail
